## Upcoming DXpeditions

For more information on current and upcoming DXpeditions please have a look at [www.mmmmonvhf.de](http://www.mmmmonvhf.de) from where most of the information here was gathered unless noted otherwise.

### KA6U maybe no 2 m Operation in Summer

Peter KA6U reports that he will not run 144 MHz operation the first long summer trip this year. The last two years his focus has been on helping operators complete WAS on 222, 432, 902 and 1296. Three years ago there were 3 WAS on 23 cm. Now there are more than 30 he believes. There are also a number of operators who are now very close to WAS on 432 and 1296. Several of them

---

could also complete 902 WAS this summer. 5 operators have now completed 902 WAS, 4 of them worked him from 35 states last year. For personal reasons Peter had no time to do an extended trip this spring but he hopes he'd be back on 144 MHz later this year.

## **Time Table**

3 June 24      The June issue of the 144 MHz EME Newsletter ready for download.
